**D**  
Change me

Please rearrange me  
**Bm**  
Make me a man  
**G D A**  
I know you can if you receive me  
**D**  
Still standin'  
**A**  
In reckless abandon  
**Bm**  
Weathered and worn  
**G D A**  
And so forlorn, I'm yours completely  
**Em**  
Broken  
**A**  
Helpless and hoping  
**D A Em G**  
You can turn my world upside down  
**D A Em G**  
Fly me through the blue sky, high into the holy ground  
**Bm A**  
For all the things I've loved and lost  
**G C**  
I only wanted to be found  
**Em G**  
Come take my world and turn it upside down

Gold streets  
Covered in concrete  
I covered my tracks  
But not the cracks in my foundation  
I'll strip this  
With you as my witness  
I'll tear it apart  
And bear my heart in revelation  
Come take it  
I know you won't break it

You can turn my world upside down  
Fly me through the blue sky, high into the holy ground  
For all the things I've loved and lost  
I only wanted to be found  
Come take my world and turn it upside down

**F#m B7 D5**

**Bring on the Peace** (intro: **Dadd9 D Dadd9 D, C#m7-5/G G C#m7-5/G G**)

**D** **G**  
It's Thursday, and I can't think of anything to say  
**D** **G**  
Sidetracked by all the things that just won't go my way  
**Bm** **A** **G**  
But somewhere in the middle of this line  
**Bm** **A** **Em** **G**  
Something rushes through me like a supernatural sign

**D** **Am7** **Em** **G**  
Like sunshine breaking through the clouds  
**D** **Am7** **Em**  
A new wind is blowing through me now  
**G** **A**  
And filling me with joy  
**G**  
Oh, a sweet release  
**A** **D**  
Yeah, bring on the peace

If you only said the things I want to hear  
If I only saw the sky so blue and clear  
Would I hope or ever need to dream  
Would I taste the victory that follows a defeat

Like sunshine breaking through the clouds  
A new wind is blowing through me now  
And filling me with joy  
Oh, a sweet release  
Yeah, bring on the peace

**A**  
Something's coming over me  
**Em** **G**  
Breaking through my misery  
**A** **G**  
Something's coming over me today  
**A**  
Yeah something's coming over me  
**Em** **G**  
Breaking through my misery  
**D** **A/C#** **Em**  
Something's coming over me today

Like sunshine breaking through the clouds  
A new wind is blowing through me now  
And filling me with joy  
Oh, a sweet release  
Yeah, bring on the peace

**Outro** (**Dadd9 D Dadd9 D, C#m7-5/G G C#m7-5/G G**)

Yeah something's coming over me  
Breaking through my misery  
**D** **A/C#** **G**  
Something's coming over me today

**Skin and Bones** (riff: E B B, E F#m F#m, E F#m F#m E; E B B, E F#m F#m, E F#m E A)

I'm on the run

I'm incognito

Moving through these deserted streets

I'm underground

Like a torpedo

I don't want anybody finding me

**C#m A**

It used to be so easy

**E B**

To keep the world away

**C#m A** (back to modified riff)

And hide my angry eyes behind a smiling face

But everything has changed

**B F#m C#m A**

Oh, you can see inside my soul

**B F#m C#m**

Oh, to the places no one knows

**D**

More than skin and bones

I'm out of tricks and excuses

All the ink in my well is dry

You broke the code

You lit my fuses

Stepped away and watched the pieces fly

You see the way I really am

The bruises and the tears

Behind the walls I built up for years and years

Now the coast is clear

Oh, you can see inside my soul

Oh, to the places no one knows

More than skin and bones

**D A**

More than meets the ear

**E B**

More than meets the eye

**D A**

More than taste

**E B**

More than touch can ever classify

**A**

You're looking deep inside

Oh, you can see inside my soul

Oh, to the places no one knows

More than surface

More than skin and bones

## Fall Down

**E** **A**  
What can I say  
**C#m**  
That you've never heard  
**A**  
What can I offer you  
**E** **A**  
Where can I go  
**C#m**  
That you've never been  
**A**  
That you won't lead me through  
**A E/G# B**  
Take my words  
**A E/G# B**  
Hear my cry  
**A C#m B C#m F# B**  
Only you can satisfy

**A F#m E**  
Fall down on me  
**B A**  
Drop me to my knees  
**F#m C#m**  
Pour over me  
**E A**  
Deeper than the sea  
**F#m E**  
Rain on me  
**B A**  
With love until I drown  
**Aadd9 E7sus/A Aadd9**  
I need you to fall down

If I had one place  
Just one place to be  
I'd be at your feet  
If I had one prayer  
I know what I'd pray  
I'd ask you to fall down on me  
Take my prayer, hear my cry  
Only you can satisfy

## CHORUS

Take my prayer, hear my cry  
Only you can satisfy

Fall down on me  
Drop me to my knees  
Pour over me  
Deeper than the sea  
Rain on me  
With love until I drown  
I need you to fall down on me  
Drop me to my knees  
Pour over me  
Deeper than the sea  
Rain on me  
With love until I drown  
I need you to fall down

**Oh Hallelujah (intro: G D C 2x)**

**Em7 D/F# G/B Csus2**

My heart is bearing the scars

**Em7 D/F# G**

The one that I await

**C G**

Oh Hallelujah!

**Em Bm**

Glory Amen

**C G**

You're coming again

My eyes can't take what they see

And it just gets harder everyday

Make me a witness

For what is to come

And what's passing away

Oh Hallelujah!

Glory Amen

Oh Hallelujah!

You're coming again

**G/B**

You're coming again

Solo (**Am D9/G D9/F# 2x, F D/F# F D**)

In the silence of night

But to a world in wonder

On a cloud of thunder

You're coming back to make things right

Oh Hallelujah!

Glory Amen

Oh Hallelujah!

You're coming again

Oh Hallelujah!

Glory Amen

Oh Hallelujah!

You're coming again

Outro (**F C 3x, end on F**)

**Awakening (tuning: low E tuned down to D)**

**D** **G**  
Waking me from my sleep

**D** **G**  
Bringing me to my knees  
**D/F#** **Em** **A**

I know it sounds crazy  
**Em** **A**

I know it sounds crazy

**D** **G**  
Reaching into my soul

**D** **G**  
Burning me like coals  
**D/F#** **Em** **A**

I know it's amazing  
**Em** **G** **A**

Yeah, it's so amazing

**G** **A**  
I know I'm not the man I used to be

**D** **D/C#** **G**  
But it's still a mystery

**Em** **A** **G** **D**  
How something I can't see is changing me

Leading me through the night

Filling the sky with light

I'm so undeserving

Oh, I'm unworthy

I know I'm not the man I used to be

But it's still a mystery

**Em** **A** **G** **D/F#** **G** **A**  
How something I can't see is changing me

**D/F#** **G** **A**

It's changing me

**Em** **G** **A** **G**

It's changing me

Taking away my sin

Time and time again

It's hard to believe it

But I believe it

I know I'm not the man I used to be

And it's still a mystery

How something I can't see is changing me

Waking me from my sleep

Bringing me to my knees

I know it sounds crazy

Oh, this is why I sing

Your love is better than life  
Your love is deeper than the sea  
More beautiful than any of the things surrounding me

## Love Leaves Its Mark

**D A Bm**  
He's working the crowd  
**G D**  
He's twisting a prayer  
**A Bm**  
God needs your help  
**G D**  
To keep him on the air  
**A Bm**  
A grandmother weeps  
**G D**  
Watching from home  
**A Bm**  
And fills out a check  
**G**  
So she won't feel alone

**Em G**  
Beware of saviors  
**D**  
Who talk about love  
**A**  
And bear no scars  
**Em G**  
There's no way around it  
**D A G**  
Love leaves its mark  
**D A G**  
Love leaves its mark

Thomas had doubts, he wanted a sign  
He knew how the heart confuses the mind  
One look at the cross had taught him the truth  
A love that is real is branded with the proof

Beware of saviors  
Who talk about love  
And bear no scars  
There's no way around it  
Love leaves its mark  
Love leaves its mark

Bridge (**A D/A C/A, A D/A C/A D/A Em/A Fm/A**)

Solo (**Em G D A Em G**)

You know I care  
And how hard I try  
I'd like to believe  
That I'd lay down my life  
But I've let you down  
And I'll make mistakes  
There's only One  
Deserving of your faith

Beware of saviors  
Who talk about love  
And bear no scars  
There's no way around it  
Love leaves its mark  
Love leaves its mark
